Clow Co. Appeals for More Workmen Quick

South Tenth Street Residents Want Light and Graded Street

Have Employed Attorney To Assist Them in Securing Their Rights — Contention Arises Over Street in Famous Hamilton Addition — Mayor Appealed to Today.

Residents on South Tenth-st. in the vicinity of Oarnge want an electric light there and also to have their street graded. And by the latter request there unfolds a lot of complications that has arousedthem to considerable excitement.

The vicinity concerned is in the Hamilton addition. It will be remembered that the council refused to accept the addition as platted because the streets did not fit into the city streets already laid out, but were hitched thereto with "jogs."

Nevertheless the owner of the land, Mr. Hamilton, sold the lots and many residences have been built thereon. Warranty deeds were given, but measured by "metes and bounds" and not by streets, so there seems to be no chance of any come-back by the present owners who find themselves facing a street that the city may never improve.

Residents took the matter up with Mayor Cassingham Thursday morning. They want the city to make a grade for the street this summer. They say they have retained a lawyer and quote a Cincinnati case to substantiate their position. The mayor contends however that the Cincinnati case was where the city claimed a street and held it, while here the city refused to accept the street in the first place. The contention is that the city dare not spend money grading a street that has been refused as an accepted part thereof, as the state bureau of accounting would hold the individual officers for any such expense unless they could show an ordinance where the city accepted the street.

The matter has endless complications and the neighborhood is rather anxious over the outcome.

Boundary Lines "Up in the Air" Over in Roscoe

It is said that a number of Roscoe property owners have ceased trying to find how clear are their titles to their properties in the village at the other end of the bridge.

The recent appraisement of real estate, it appears, set a number of Roscoe citizens to looking up the titles to their properties. What was their intense surprise to find that their deeds did not at all coincide with the original deeds of the grants of land. Small errors in various transactions are alleged to have shifted properties around till today many lots and dwellings are where the streets should be and vice versa, and many houses are not near the lots on which they are supposed to be built. Needless to say interest has ceased in probing the past records of the Roscoe real estate.

Wife and $75 Both Vanish Soon After Speak-Easy Raid

Mrs. George Watkins, of South Fifth Street, Packs Up Her Clothes and Leaves Husband Who Was Caught Selling Liquor Illegally.

Mrs. George Wakins, whose husband was fined $50 and costs by Mayor Cassingham Monday for conducting a speak-easy, packed up her clothes at her home on South Fifth-st. Thursday morning and while her husband was away from home, he alleges, and vanished. He says that $75 which he had left in a bureau drawer also vanished and he and local officers have been searching for her all day. Thus far she has not been located.

It is said that Mrs. Watkins, who is a decided blonde and wears glasses, and her husband have been quarreling a great deal since the house was raided by the police last Saturday night. It is said she has been away from home for the past two days. Her husband was away a short time Thursday morning between six and seven o'clock and he thinks she slipped in the house while he was gone and gathered up her clothes and the money. He talked of filing an affidavit to have her arrested and consulted his attorney, C. O. Turner. The officers were notified. It was thought that she had gone to the Ramsey home just south of the Star hotel but inquiry there failed to throw any light on her whereabouts.

It is said that Watkins declares he wants the money more than he wants her. He had endeavored to have her declared insane.

ASKS BOARD OF TRADE TO AID IN ATTRACTING NEW CITIZENS

Pres. Clow Wants to Confer With Other Manufacturers to see How New Families May Be Brought in Here.

The Clow plant is getting desperate in its desire to get enough workmen to man the big factory in Coshocton.

President Clow has asked the board of trade to assist in bringing more men to Coshocton. The following letter was received yesterday from President Clow but as Mr. Himebaugh is in Chicago, it is resting in the hands of his secretary, Edward A. Crawford. As soon as Mr. Himebaugh returns the matter will be taken up by the board of trade. The letter:

Chicago, July 20, '10.

Dear Sir:

W. A. Himebaugh,
Coshocton, Ohio.

We are now very seriously inconvenienced through our inability of obtaining workmen. We are paying the highest scale of wages paid by any pipe shop in the United States but cannot secure men needed to operate the plant and are running at a very great disadvantage. Our production now should be more than double what it is. Mr. Aland writes me that other manufacturers in Coshocton are suffering the same labor shortage while at the same time there is a surplus of labor in other parts of the country. If you will call a meeting of the Board of Trade asking the different large manufacturers to attend, I shall be very glad to be in Coshocton at such a time as you may indicate on either Friday or Saturday of this week. I think the Board of Trade should take some action that would attract workmen and their families to Coshocton. We have taken men from Newcomerstown and will within a few days pring more of their men to Coshocton but this does not help us; it simply increases the number of employees putting them however on the same work they did at Newcomerstown but this does not help us in increasing our production of the lines we are now making at Coshocton.

Commending this to your attention and awaiting your reply, we beg to remain,

Yours very truly,
James B. Clow & Sons,
W. E. Clow, President.

PITTSBURG MAN BUYS INTEREST IN LOCAL JEWELRY STORE

Carl B. Mead, a jeweler of Pittsburg, has purchased an interest in the Burns & Gosser jewelry stock and the name of the new firm which takes possession Aug. 1, is to be Moore & Mead.

Mr. Mead is an experienced jeweler and is connected with many prominent families in the vicinity of Warsaw, his mother having been a Miss Pancake.

Mr. Moore has already arrived here and is personally looking after the watch repair department of the store. He will be here permanently from now on and already is making many friends. The new firm will continue the same lines as the old Burns & Gosser firm, including the optical department.

FRRNK RICKETTS WILL TAKE TEN WEEKS TRIP WITH BIG STRING OF CHICKENS

Frank Ricketts, whose chickens have become famous as prize-winners all over the United States, expects to start out two weeks from Saturday exhibiting his birds at the various county fairs in Ohio, Pennsylvania and West Virginia. He will be gone about ten weeks returning for the Coshocton county fair in October. Jay Magness, of this city, will probably accompany him to assist in taking care of the big string of chickens.

W. H. Farber, of Sandyville, a noted breeder of fancy poultry, will follow the same route as Mr. Ricketts and both of them together will have about 500 birds. The trip will be in the form of a vacation for Mr. Ricketts, who is employed in the lithograph department of the American Art Works.

SMALL FIRE ON NORTH THIRD-ST.

The fire department answered a call from Wiland's Third street restaurant at 2:30 Thursday afternoon. Some grease on the cook stove in the kitchen had ignited and was flaming to the ceiling. The cook called help and the department called but before they arrived the fire had been extinguished. No damage was done.

AH-HA-A-A!

Maybe Water Will Be Shut Off at Your House Too—Authorities Active.

The water supply at the Pennsylvania passenger station was turned off by Supt. Courtright of the city water works, Wednesday night, because the porter sprinkled the lawn and streets surrounding the station before the hours designated by the department.

There is an established rule of the water works providing that no sprinkling shall be done in the evening only between the hours of 5 and 8.

Wednesday evening the superintendent while walking up Hickory-st. back of the station saw the colored porter sprinkling the lawn. He walked over to the plug on Main-st. and turned off the water, shutting off the entire supply at the station.

All day Thursday there was no water there and it is likely that there will be none until the matter is adjusted with the railroad company.

This is not the first offense of the kind committed in Coshocton for it is said that not one per cent of the people observe the rules of the company and it is not unlikely that other prosecutions will be made if the parties are caught.

MYSTERY OF RAWN'S DEATH NOT EXPLAINED

Detectives Have Little Faith in Burglar Theory —Suicide is Hinted.

[Associated Dailies Telegram]

Chicago, July 21.—Members of the family of Ira G. Rawn, president of the Monon railroad, who was shot to death at his summer home in Winnetka, hold steadfastly to their story that he was murdered by a burglar. Others who hold to the burglar theory believe Mr. Rawn may have started down stairs to meet a man supposed to be in the house, but that instead of being shot by the burglar he tripped in his nightrobe and accidentally pulled the trigger of his own revolver as he was falling. A third theory, which is resented by members of the family and by subordinate officials of the Monon, was that Mr. Rawn took his own life, being prompted by worry and sleeplessness over the scandals which have developed in the last week in the affairs of the Western Indiana road, of which Mr. Rawn is a director, and of the Illinois Central, of which he was vice president in charge of operation until last fall.

Mrs. Rawn's Story.

Mrs. Rawn says she was awakened by a noise of someone at a door down stairs. She told Mr. Rawn of the noise and he took his revolver, against her protest, and started quietly down the front stairway in his night dress. Mrs. Rawn followed to the head of the stairway. Two shots were fired, she said, and her husband fell moaning down the stairway.

Mr. Rawn lived only a few minutes and was unable to explain how he had been shot. An examination of the revolver he carried disclosed that it contained one empty cartridge. No bullet was found to substantiate the firing of a second shot. Members of the family explain this by suggesting that the burglar also was shot, but not in a vital place. In support of this theory they pointed to spots on a cement walk leading from the house. Close examination of these spots later revealed that they were in all probability paint. The screen doors were pointed out as having been forced open with a jimmy. Detectives who examined these doors and others through which the burglar was supposed to have passed said they might have been forced, but if so the man who did the job was a novice in the burglary business. The burglary clew, therefore, is being pursued on the theory that no practiced night prowler is the guilty man.

Coroner Hoffman, after examining the night robe and the wounds of the dead man, said the shot was fired from a weapon not over two or three feet away. Powder burns on the garment indicated this. This distance does not accord with the version of the tragedy recited by members of the family.

Still another clew is that Mr. Rawn was the victim of an enemy who wished to get him out of the way for business reasons. In this connection the Illinois Central graft scandal is mentioned. Mr. Rawn was operating vice president of the road at the time the fraudulent car repair contracts came to light. A short time afterward he left the road and became president of the Monon. Mr. Rawn was to appear next Tuesday as a witness in the Illinois Central cases. At his suggestion the inquiry had been twice postponed.

Enemy Is Suggested.

Mr. Rawn is supposed to have known more about the Western Indiana affairs than was comfortable for some who were involved in it. On the ground that someone feared the revelations Mr. Rawn might make regarding these matters, the business enemy theory is based. Those who hold to the suicide theory believe Mr. Rawn was worried over a prospective examination and cross-examination on the witness stand.

PETITIONS FILED TO LEASE OIL LAND

For the purpose of securing the right to lease 114 acres of land in Pike-tp. to the Tuscarawas Oil & Gas Co., of Coshocton, two petitions were filed in probate court Thursday by Mary E. Ashcraft, guardian of Lawrence Ashcraft, and Rosa B. Ashcraft, guardian of Roy E. and Virgil Ashcraft.

The cases come under a special statute providing for a guardian making a lease. The two petitions cover the same piece of land in which the heirs each have an interest.

Earl Stock Co. is Organized Here

The Earl Stock Co., newly organized is rehearsing at the Sixth-st. theatre preparatory to opening their show in Coshocton this summer or as soon as the list of plays have had all the rough edges smoothed off. They expect to show in Coshocton about two weeks.

The company has some excellent talent, all old professionals, and their list of repertoire is the very latest. Their engagement promises to be most successful here.

CLEW TO IDENTITY OF DIP

Is the Real Name of "Harry McClellan," William Korder of Chicago?

Is the right name of "Harry McClellan," one of the pickpockets taken to Columbus this week for a prison sentence, William Korder?

The day the two men were taken over, an official took a suit of clothes to a local tailor to have it pressed, explaining it belonged to the pickpocket McClellan. Nearly all tailor made clothes nowadays have a slip stitched inside the pocket bearing the name of the tailor and written in ink, the name of the owner of the clothes. Inside a pocket of this suit was the tag of a Chicago tailor and the name "William Korder".

McClellan admitted here to the court that McClellan was not his name, and declined to tell what his real name was, wishing to shield his aged mother.

Either his name is Korder or else he was wearing some one's else clothes while here.

CLERK McBANE'S ANNUAL REPORT

Clerk J. T. McBane has completed his annual report to be sent to the secretary of state. It shows that 11 divorces were pending at the beginning of last year and seven new cases were brought. Sixteen were decided and two are still pending. There were 15 coroner's inquests.

RAY DUNFEE SAW RACE RIOT IN THE SOUTH

Ray Dunfee who has been working in a big electro type foundry at Atlanta, Ga., was an eye witness to the big riot down there on July 4, following the announcement of the result of the Jeffries-Johnson fight at Reno.

Dunfee was standing across the street from the newspaper office where the returns came in and when the final round was announced the negroes which numbered up in the hundreds jumped up on each other's shoulders and whooped and yelled.

The white people in the crowd at once started the cry of "Shoot the niggers" and almost simultaneously with the cry the entire crowd of negroes fled and disappeared from sight.

Dunfee said that in the evening the rioting grew so strong that the state troops had to be called out to preserve peace and all night long the streets were patroled by the troops.

Dunfee arrived home Saturday night and expects to spend some time here before accepting another position in an eastern city. He says it was too hot for him down in the torrid zone.

BROUGHT HOME IN TAXICAB

S. R. Watson, foreman of the work which is being done at the Clow plant by the Case Crane Co., of Columbus, was brought to Coshocton this afternoon in Merrell's taxicab and taken to Dr. Shaw's office. It is said that he was squeezed by the machinery. It is stated at the plant that he was seized with indigestion. He is resting easier at the Standen hotel.

Sick List.

Mrs. Adam Leindecker, of Chili, has been critically ill for several days.

Squire L. N. Staats was called to Frazeysburg Wednesday evening by the illness of his baby.

J. W. Thomson was called to Ashland Wednesday evening by the critical illness of his father-in-law. His wife went the first of the week.

"Dewey" Turns Up After Wandering Twelve Years

George Compton, of Jackson tp., while mowing hay in a field on his farm west of Roscoe Wednesday afternoon was astonished when he came across a turtle bearing the inscripton "Dewey" carved on its shell. The remarkable part of it was that Mr. Compton found the same turtle in the adjoinig field twelve years ago just after Dewey's great victory at Manila and cut the admiral's name on the turtle's back and turned it loose. It had seemingly wandered all this time within a radius of a half mile.

The turtle seemed about the same size as wen it was found 12 years ago. It was turned loose again.

The finding of the turtle recalled the fact that Wm. Teale carved his name on a turtle before the war and the self-same creature was found again not long ago.

E. L. THOMPSON APPOINTED COUNTY EXAMINER TODAY

Judge Ashman Thursday afternoon announced the appointment of Prof. E. L. Thompson, a prominent young educator of West Lafayette, as county examiner for three years to succeed Prof. Fry, of Nellie. Prof. Thompson will enter upon his term Sept. 1.

The announcement will be welcomed all over the county as Prof. Thompson is recognized as one of the most thorough teachers the county has ever produced as well as an exemplary citizen. He is strongly endorsed by those who have been associated with him for many years.

He was born and reared in Lafayette. Prof. Fry has made a splendid examiner and the county is to be congratulated upon securing so worthy a successor.

HENRY RINE DIES NEAR COOPERDALE

Henry Rine, aged 88, died at the home of his grandson, Henry Jones, near Cooperdale Thursday morning at 9 o'clock after suffering from stomach trouble and complications due to old age. He is survived by three grandsons. The funeral services will probably be conducted Friday afternoon at 1 o'clock at the late home and interment made at the Smith Hill cemetery.

What the Farmer Receives

Had you ever stopped to think why it is, that for all your sales of grain, hay, stock and produce you receive a bank check in payment? Has it occurred to you that the purchaser of your farm products takes your receipt for every dollar paid in this manner?

If business men find a check account a necessity in their transactions with the public, such an account is surely important in your own affairs. When you pay your bills in cash you are running risks of "bad memory" "carelessness," "short change" and a chance of having to pay a second time.

A check account eliminates all such chances of error—for your check on this bank is a record in writing, witnessed, receipted, and therefore, undisputable evidence.

Revolt In Honduras.

Washington, July 21.—According to advices received at the state department from Newton R. McCreery, American minister at Tegucigalpa, a revolution has started at Celba against President Davila of Honduras. There are about 50 insurgents. The government has sent troops against them. It is believed here that the insurrectionary movement is for the purpose of getting Manuel Bonilla, former president, back into the country.

Roosevelt Takes Rest.

Oyster Bay, July 21. — Colonel Roosevelt is enjoying a period of peace and quiet at Sagamore Hill, no visitors, political or social, having been received yesterday and none are scheduled for today. He is working hard on his correspondence and the speeches he expects to deliver on his western trip.

Mrs. H. J. Harris went to Marietta Thursday to spend a week visiting relatives.

Delicately Formed

and gently reared, women will find in all the seasons of their lives, as maidens, wives and mothers, that the one simple, wholesome laxative remedy, which acts gently and pleasantly and naturally and which may be taken at any time, when the system needs a laxative, with perfect safety and really beneficial effects, is Syrup of Figs and Elixir of Senna.

It has that true delicacy of flavor which is so refreshing to the taste, that warming and grateful toning to the stomach which responds so favorably to its action and the laxative effect which is so beneficial to the system when, occasionally, its gentle cleansing is required.

The genuine, always bearing the name of the California Fig Syrup Co. may be purchased from all leading druggists in original packages of one size only, price fifty cents per bottle.

CLEVER WOMEN

Always Keep Their Hair as Fascinating as Possible.

Some women are born beautiful; some grow up to be beautiful, and some are clever enough to make themselves beautiful.

But all agree that no matter how perfect the features, how rosy the cheeks, how sparkling the eye, no woman can attain the perfection or beauty unless she has an abundance of lustrous hair—of her own.

And thanks to Parisian Sage, which can now be obtained all over America, every woman can have natural hair in abundance; hair as lustrous as the rising sun.

Parisian Sage is without the least vestige of a doubt the most remarkable hair grower, invigorator and beautifier ever compounded.

It is so far ahead of all commercial tonics that C. E. Anderson guarantees it to eradicate dandruff, stop falling hair and itching scalp in two weeks, or money back.

Parisian Sage is delightfully refreshing and is not sticky or greasy. A large bottle for 50 cents at druggists everywhere and at C E. Anderson's. Mail orders filled, charges prepaid, by Giroux Mfg Co., Buffalo, N. Y.

ENGINEERS MAY JOIN STRIKERS

President Stone Makes a Hurried Trip to Chicago.

Cleveland, O., July 21.—At the national headquarters of the trainmen here it is believed that the engineers and firemen on the Grand Trunk railroad will soon strike. W. S. Stone, president of the Brotherhood of Locomotive Engineers, left for Chicago, presumably for a conference with the executive committee of the firemen in regard to calling out the enginemen on the Grand Trunk.

The enginemen and firemen were given positive orders not to do any work except in the engine, thus forestalling any attempt on the part of the company to have them to do switching or trainmen's duty. President Lee of the trainmen announced that the Canadian officers of the organization would appeal to the Canadian government to stop the railroad from importing strikebreakers. The strike will be directed from Cleveland, the headquarters of the trainmen.

No Change at Detroit.

Detroit, July 21.—There is but little change in the strike situation of the Grand Trunk trainmen, according to a statement made by A. B. Atwater, assistant to the president. In addition to this Mr. Atwater asserts that the backbone of the strike will be broken by next Sunday. No attempt was made to operate freight trains on Grand Trunk, though the road has a large number of strikebreakers about the Brush street station and on the docks, and there are signs of activity.

Public Demands Arbitration.

Ottawa, July 21.—Though industrial conditions throughout Canada are feeling the Grand Trunk trainmen's strike, so far there are no really serious results. The public is beginning to call on the labor department to settle the trouble. It is announced that the government would pay the costs of arbitration and the labor department appoint an arbitration board if those concerned can get together. So far there is little sign of their doing so.

NICARAGUANS DEFIANT

Want to Whip Insolent Yankees With Commercial Boycott.

Washington, July 21. — Copies of Managua newspapers which have reached the state department continue their abusive attacks upon the present policy of the state department. On June 25 last La Nacion of Managua, which is regarded as an official organ of the Madriz faction, printed this article:

"We Nicaraguans have some limit to which we may resort as a final recourse if it comes to the point that the Yankee tries to execute his threat: let us lay hands on all the North Americans residing in Nicaragua and let us say to Mr. Taft, 'for each shot you hurl against us, a head of one of your countrymen shall roll on the ground:' let us organize in the form of a powerful coalition of active propaganda to the end that in all the Latin-American countries no goods shall be purchased from the United States, making our people understand that this is the most efficacious method of combatting the common enemy of our race, so proud owing to its power, so insolent owing to its pride and so detestable on account of its insolence."

Ohio News

Middletown, O., July 21.—Eddie Lloyd, vaudeville actor, whose wife Evelyn was killed in the wreck here July 4, has withdrawn his damage suit. Lloyd took the body of the dead girl back to his old home in Everett, Mass., for burial. As the body was placed in the hearse a man appeared, stating he was Barney Walsh, and that he married Evelyn secretly six years ago. Walsh had a marriage certificate, and the only one who could dispute the claim is dead.

Pen Loses Chronic Grouch.

Columbus, O., July 21.—Anon Wagner, known to officials of the penitentiary as the grouchiest man they ever had to deal with, has been discharged. Wagner has the reputation of not speaking a word for almost two years. Every question that was asked of him was answered with a grunt, and he never spoke to a man during his confinement. He was serving two years from Cuyahoga county for burglary and larceny.

Mob-coddling by Congressmen

A measure to protect the people was butchered by cowardly Congressmen and saved by a brave President to whom honor is due for his protection.

$200,000 00 was to be appropriated for use by the Dept. of Justice in prosecuting offenders against the Sherman Anti-Trust law, which is intended to protect men at work, whether they be working with hands, heads, or both.

Protect them from "combinations and conspiracies in restraint of trade."

That means combinations of men who conspire to prevent other men from earning a living

Two or three large oil companies might "combine and conspire" to freeze out a small dealer.

He has a right to conduct a business and earn a living for his family and should have the protection from "combinations" which "conspire" to ruin him

It also applies to "combinations of workmen who "conspire" to drive other men from work.

The great "Labor Trust" has been seized by certain men who now have control.

They force every member to pay fees, which aggregate several hundred thousand dollars a year.

They intend that no men who refuse to pay fees to them shall work

Whenever independent men or those who form their own union seek to work, the big trust orders strikes on the jobs, to force the independent men or independent union men out of work until they join the big trust and pay fees to the leaders

One illustration will suffice:

On June 22nd, 1910 the N. Y Building Trades Council (part of the Labor Trust) declared a strike of all trades on a 12-story building at 35th and 6th Ave., because of the employment of members of an electrical union not members of the trust Work on the entire building was stopped

The Sec'y of the "trust" said that general strikes would be ordered on every building where the "obnoxious electricians are employed

These electricians belong to a union formed under the arbitration plan some time ago and kept their jobs. The employers afterward contracted, under pressure, with the big trust and were told to and did order the independent union to join the Labor Trust The men refused because they did not like the trust method of coercion, bullying, slugging, and general violence

This is only one illustration of hundreds of cases where the trust "conspires in the restraint of trade."

That is, by combination, they conspire to and do stop work, interfere with industry, and prevent men from earning a living unless they pay fees to the trust leaders.

There is perhaps never one single day in a year but what the Labor Trust is engaged somewhere in America in "restraining trade," preventing men from working and stopping the flow of industry. No trust in this country breaks the law one-tenth as many times, or takes the bread from men's mouths as frequently of the Labor Trust

No trust has ever "restrained" such volumes of work or stopped the payment of so much money.

No trust has maimed and killed so many men or blown up and destroyed so much property and yet the attorney-general has been held back from prosecutions from some unexplained reason. What does the workingman care about the prosecution of the oil trust when the big labor trust keeps him out of work every now and then.

Suppose you write Pres. Taft and ask why the Att'y Gen'l does not protect the people aginst the biggest and most hurtful trust we have

The authorities forget there are about thirty million workers in this country and only 1,700,000 members of the Labor Trust and that most of them are coerced into membership.

How can the authorities answer to the vast army of 28 million free workers, farmers and householders whose affairs are from time to time interferred with and who have to bear the loss of wages and the general heavy loss of stopped industries brought about by the leaders of the Labor Trusts in their manipulation of men seeking to drive them into fee-paying slavery.

The 28,000,000 workers, not members of the trust, object to being driven from work, or having R. R. stopped with all the far-reaching losses, or the street cars stopped and men and women prevented from getting to and from work, or factories, struck and perhaps destroyed, the weekly pay roll stopped and the sustenance of at least part and perhaps all of a community withdrawn.

The great Philadelphia street car strike was forced by the big Labor Trust, not on account of wages and hours but to throw out about 4000 men who had their own union, a peaceable one.

These men did not want to pay fees to the trust leaders and be subject to their whims so they formed their own union for self protection Thereupon the big trust called a strike blew up and burned cars, attacked and slaughtered men, kept the people from getting toand from work forced the other slaves to quit work and cost the people of Phil. several million dollars and untold sufferings and inconvienence solely for the purpose of "showing" them the power of the Labor Trust to "force" people to "mind" and force the independent men to join the trust, "obey" and pay fees to the leaders

That is a serious state of affairs in this free country and is enough to awaken every American to the necessity of curbing such men in their insane race for notoriety, power and fee-gathering

Citizens want industry, commerce and wages to continue without interference from any set of men either employers or employees who seek selfish gain to themselves alone, without regard to how much all the people outside the trust may be inconvienced and damaged.

The trust leaders, to make stronger their control members, fight valiantly to be allowed to boycott and conspire to ruin all free citizens either employers or workmen who do not pay fees to the trust leaders

Therefore when this $200,000.00 appropriation bill came up they deluged Congress with demands to exempt combinations of labor from prosecution if they broke the law and, startling as it may seem, over a hundred congressmen voted to exempt them In other words voted to permit one set of men to break the law and dominate the great majority of citizens, while the majority must keep the law and submit to the damage, losses, insolence and idleness put upon them by the comparatively small band of trust members.

"Why were the Congressmen cowards?" you ask. Because the trust managers sent word to their local managers in all parts of the country instructing them to fire in letters and telegrams to Congressmen whenever a bill giving the trust more power is introduced.

The great mass of citizens who are to be tyrannized over have no organization to warn them to notify Congressmen of their wishes and so the heavy fire comes from but one side (the Labor Trust side) and thus impresses the members of Congress with the belief that the whole mass of laboring men are crying for exemption from punishment for law-breaking.

In this particular case the President induced Congress to reconsider the vote and protect the masses from the proposed tryanny.

Don't forget the issue.

The Labor Trust leaders called for exemption from prosecution when they break the law of conspiracy and they sought to be free to drive millions of free workmen into idleness.

Those freemen will not soon forget the effort of their representatives in Congress to force them into the irksome slavery of the big Labor Trust which seeks to dictate first, monthly fees, then, when and where they can work, for whom, or what wages and how long.

That kind of "hand tying" is not relished by the millions of free men or by thousands of "tied" men now forced into membership in order to get jobs and not be slugged, yet they are ordered on strike from time to time made to boycott, picket and act as lawbreakers at the behest of the leaders fighting to hold power over them.

"How can the citizen and free man protect himself?"

Write to your Congressman and Senator (Address them at home now) Say "Whenever any measure comes up, presented by the Labor Trust leaders and intended to give them more power over us, and restrict our liberties, please protect us by voting it down; analyze each measure carefully and vote only for laws intended to protect the great majority of your constituents in their freedom, uncontrolled by any set of men either capital or labor. It is dangerous to give any combination privilege or power to dictate to other citizens. We will support you if you protect us, but we must put in a representative who will defend the majority of the people if you refuse" Write him and write him now.

Don't sit in silence and permit your liberties to be taken from you because the big Labor Trust, supported by fees, stirs up its local managers to continued activity, while the plain every day citizens says nothing, having no organization.

Experience in the past has shown that the great big factor known as the "common man" may not be so quick as local Labor Trust leaders to write his Congressman for protection, yet he reads and votes, that is why many a candidate who thought he could help push through laws of either Capital or Labor seeking gain or control of the average citizen has met defeat when he comes up for re-election.

No one leads the common people but they are neither fools nor children and they are at least 90 per cent in the majority Many new and peaceful organizations of labor are being established free from the fee-hunting tyranny of the big Labor Trust

One of them, The Nat'l Trades and Workers Ass'n with headquarters at Battle Creek, Mich., recently offered Ex.Pres. Roosevelt its Presidency.

The Ass'n hadn't means enough to pay a suitabe salary for his great ability and moral worth.

I became so strongly impressed with the honesty of purpose and progressive principles of this labor organization that I considered it worth while offering $100,000.00 a year if he would accept.

The organization takes in many of the best skilled workers in various cratts. They are pledged to no strike, no boycott, picketting, coercion or violence of any kind. They present their cause peacefully and with dignity.

If settlements cannot be made, the case goes to a carefully selected board of mediation. When the facts are brought out in a friendly conference a settlement is reached in a great majority of cases If not, the facts on both sides are given the local press and thus the citizens of the community become entirely conversant with the matter and public opinion steps in.

It's hard for either side to stand for a wrong, with the great weight of public opinion opposed.

Up to the time of the mediation proceeding the men keep at work and the flow of money through the community is continued If, thereafter, they feel they can do better elsewhere, they have a right to withdraw 5 per cent of the men each day and go to a job better liked but they make no objection to the employer putting new men in the places they leave. It seldom comes to that.

The practical working of the plan shows the industries go on and the employer holds his time-tried men to him on any reasonable terms and they and he are friends working together, whereas if they settled by the club and force, hate would invariably follow, greatly to the detriment of the industry and the men personally.

The Trades and Workers Ass'n is growing rapidy among some of the best workmen in America

It marks a new epoch. Let workmen write the Trades and Workers Ass'n of Battle Creek, Mich., for a constitution and by-laws and study the new peace movement.

Practically all real workers dislike to have their negotiations conducted by strikes, violence, hate and general disturbance, but the noisy ones have gained control of the big Labor Trust and they force the peaceful ones, and by such methods have brought much odium on the name of labor

A better day is coming. A day of peace and steady prosperity for the workers, but will be delayed by cowardly Congressmen if they mistakenly vote to put more power in the hands of the trust leaders and make them immune from prosecution when they boycott slug, burn and dynamite, using such means to hold workmen in their power to extract monthly fees from them and to force the rest of humanity to "obey" them or take the consequences It is high time the people were protected by the strong arm of the law.

Reader if you want to retain your freedom talk plainly to your Congressmen and Legislators Remember the high priests of the Labor Trust are always busy hounding Congressmen to pass new laws to protect them in their attacks on workmen and cictizens.

Do your duty and compel your representative to protect you. If they don't respond, see you are at the polls and cast a vote for the man who has first agreed to stand by the majority and give "exemption" and special privilege to no tight and snug combination of either Labor or Capital.

Guard your sacred personal liberty actively and at all times, for the interests which would like to harness you are busy day in and day out.

Permit no set of men to gain power to force you to buy only what they order, hire only those men they name, also to order when you can work, where, for whom, at what wages and how long.

Fail in watchfulness and you will drift into humiliating servility from which it will be difficult to free yourself.

Ths is a time when individual liberty is being attacked.

Guard yours as you would your soul.

There's a Reason.

MOTHER'S FRIEND

A LINIMENT FOR EXTERNAL USE.

One of the most valuable qualities of Mother's Friend is that it safe-guards the future health of the mother. It is a liniment to be applied externally to the body, the use of which lubricates the muscles and tendons, softens the glands and ducts, prevents lumps forming in the breasts, and relieves the pain, nervousness, nausea, and other troubles from which so many expectant mothers suffer. When Mother's Friend is used regularly it fits and prepares the system for an easy and natural consummation of the term. Women who massage with this great liniment are always saved much suffering when baby comes, and recover more quickly, and without ill effects. Mother's Friend is sold at drug stores. CUTICURA CURES STAY CURED

First Father is Cured of an Eruption that Burned and Itched Day and Night. Then Baby is Cured of a Distressing Rash.

Neighbors Pleased to Find a Sure Cure for Skin Afflictions.

"I suffered for eight years with what the doctors called the 'seven year itch.' This was like small red pimples such as form on the face but they burned and itched day and night. These pimples were from my ankles up, but mostly on my thighs and arms. I tried doctor after doctor but their medicines brought no relief. But at last I struck the right treatment — this was Cuticura. I bought a set of the Cuticura Remedies — Cuticura Soap, Ointment and Pills — and a few applications brought relief. When I had used about half the set I was nearly cured and after taking two full sets I was well and best of all, I have stayed cured.

"About four months ago, our baby began to be covered with a rash and his head with a spreading sore. Back of the ears, the flesh cracked open and the poor baby would scratch till it bled. He worried, cried and could not sleep. Then we bought a set of Cuticura and with a few applications the burning and itching ceased, baby stopped worrying and could sleep. When this single set had gone we had no use for any more as baby was never troubled with the disease again. The neighbors who saw the condition of the baby all asked what cured him and when we told them, they were surprised and pleased to find a sure cure for these skin afflictions. Edward H. Carter, 323 North 27th St., Camden, N. J., Mar. 6, 1910."

A single set of Cuticura Soap and Ointment is often sufficient, rendering it the most economical treatment for affections of the skin and scalp. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., 135 Columbus Ave., Boston, Mass.

Danderine

Grows Hair and we can PROVE IT!

DANDERINE is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

A lady from St. Paul writes in substance, as follows:

"When I began using Danderine my hair would not come to my shoulders and now it is away below my hips."

Another from Newark, N. J.,

"I have been using Danderine regularly. When I first started to use it I had very little hair, now I have the most beautiful long and thick hair anyone would want to have."

NOW at all druggists in three sizes 25c, 50c and $1.00 per bottle

Danderine enjoys a greater sale than any other one preparation regardless of kind or brand, and it has a much greater sale than all of the other hair preparations in the world combined.

THAT BRIDGE MONEY

It is to be hoped that an even temper will be maintained even by those who profess to feel very deeply the so-called plundering of the bridge fund and the handing out of the special fund to special road-work and the repair of all the bridges in the county. The Age believes that the only fair thing to do with the $14,000 collected for the two non-appearing bridges at Coshocton, is to either give back to every taxpayer a sum equal to that which he was assessed, or to divide the sum among the varous townships in proportion as they paid that special tax. That would be the proper and fair way to dispose of the matter, and would satisfy everybody, eliminating all unnecessary discussion.

Indications are that the Republican convention at Columbus next week, will not only name the winner, but will also be the winner as far as representative conventions are concerned.

* * * * * *

We have heard of crossing a bridge before you come to it ,but the commissioners now appear to be crossing two bridges two years after everybody had forgotten about them.

* * * * * *

A Columbus paper fears Colonel Roosevelt may lose his popularity. We note however he has just been invited to a Virginia celebration in company with Booker Washington and Jack Johnson.

* * * * * *

A railroad president has been shot by a burglar. A couple of years ago they were saying worse things than that about railroad presidents.

* * * * * *

Taft in Maine; that completes the journeyings. Every state in the union has literally given the big president the glad hand.

* * * * * *

The Pennsylvania strike may not have materialized but it had us all scared.

* * * * * *

Now Warsaw promises to become an oil center. Rah for Warsaw; she's oil right.

* * * * * *

Speaker Cannon appears to be quite as much evidence in the Kansas Chautauqua as he was in Washington.

* * * * * *

If the people who are talking so much about "white supremacy" cannot find a successor for Jeffries, why not buy Arthur an airship?

* * * * * *

This time next week we will probably be able to safely predict who will be the Republican nominee for governor.

* * * * * *

It seems that all the Coshocton residents of the O. P. were "in" when the Coshocton officers called the other day.

* * * * * *

My goodness, we thought all discussion about the two bridges had died out long ago.

Ten Years Ago Today

From The Age of July 21, 1900.

The Republican congressional committee for the Seventeenth district of Ohio will meet at the Park hotel next Monday, July 30, to place in nomination a Republican candidate for congress to succeed Col. M. M. Gillet who resigned from the ticket.

Work at the Pan Handle gravel pit has been suspended for a few days on account of a brake in the big steam shovel. A shaft on one of the engines of the shovel broke Sunday evening. It will be repaired soon and work resumed.

An accident in the Franklin mine caused considerable excitement Saturday. In taking in a train of empties the last car was lost off without the knowledge of the driver. On the return trip with 22 loads of coal the mules ran into the car that had been detached and two of the three mules were caught between the loaded cars and the empty one and badly cut. No cars were derailed.

The team hitched to the mill wagon of Hanley's flouring mill ran away Monday morning but did very little damage. The driver, Ike Ralston, left the team standing while he went into Lang's bakery. They started and ran out Hickory-st., one of the horses fell just after turning into Walnut-st. and the wagon was run into a pair of car trucks and the coupling broken.

The Monkey Got a Rest.

Humane Officer Jackson stopped the monkey business at the Twin-city carnival last week. Instead of using doll-babies as marks for the fellows who throw the balls, the proprietor of a hit-or-miss show used a live monkey. The little monk was a great dodger and only occasionally received the ball on his cranium; nevertheless Humane Officer Jackson bore down on the same and stopped the monkey business in short order. The proprietor of the show protested, but in vain. The officer was determined and the monkey got a rest.

OFFICERS WERE INSTALLED BY TRADES COUNCIL

Officers were installed at the meeting of Trades Council Thursday evening. Dave Murphy was elected janitor. The Labor Day committee reported that everything is progressing nicely and the merchants have been liberal in their donations. The Labor Sunday committee reported that the local ministers will all devote their morning service on that day to the cause of unionism and a big mass meeting will be held at the fair grounds in the afternoon. Wide interest has been awakened in the ticket-selling contest, the winner to be awarded a $350 Boston piano.

WILL MADRIZ DARE EXECUTE PITTMAN?

Rumor From Managua Says Official Orders Issued.

[Associated Dailies Telegram]

Bluefields (vial wireless to Colon), July 21.—In official orders issued by President Madriz to his commanding officers, he gives instructions that "all prisoners, including Americans, shall be shot without mercy."

The text of the message says: "Shoot without fear or consideration the revolutionists you may capture by attack and the prisoners you may have."

On top of this order comes a report from Managua by way of Colon that Madriz has given secret instructions for the execution of William Pittman of Cambridge, Mass., who killed hundreds of Madriz's soldiers by his mines when Madriz attacked Bluefields.

MARINES IN READINESS

May Be Rushed to Cape Gracias to Protect Americans.

Washington, July 21.—Fear exists that Edwin W. Trimmer, United States consul at Cape Gracias, Nicaragua, may be assaulted or possibly even assassinated, wherefore it has been decided to send the cruiser Tacoma to the port to investigate, and if conditions seem to demand it, to land marines, to protect American lives and property. This was the report made by Thomas P. Moffat, United S[illegible] [illegible].

Decies Claim of Baroness.

Cincinnati, O., July 21.—Percy Proctor of the family of soap makers, through his attorneys, filed an answer in common pleas court to the cross-petition of Joseph De Wrokoff, London, England, agent for his wife, in which he denies that he ever transferred $40,000 worth of Proctor & Gamble stock to the former Baroness Von Kliffuss as a part of any marriage dowry or settlement. The baroness, the answer asserts, was never the owner of the stock in dispute.

Merry War On in Washington For Senatorship

Seattle, Wash., July 20.—Miles Poindexter declares he has the assurance that Colonel Roosevelt will support him in his race for the United States senate. Representative Poindexter represents the district in which Secretary Ballinger lives and is one of the most bitter foes of Mr. Ballinger. Poindexter will try to oust Senator Piles, known as a "Taft man." The result of this fight promises to be most interesting. Mr. Ballinger when he heard that Rooseelt had O. K'd Poindexter is as saying. "I am on my way to Seattle, and I can promise that Mr. Poindexter will not be the next United States senator from Washington."

No Question About It.

Seaver's Dyspepsia Tablets Must Cure Indigestion or They are Free

C. E. Anderson's drug store continues to sell Coshocton people with the understanding that they positively must cure dypepsia or indigestion or they will not cost a cent. Experience has proven that SEAVERS DYSPEPSIA TABLETS cure dyspepsia in forty-nine cases out of fifty. HERE'S ANOTHER DOUBTER

Plain Dealer Reminds That Ballots and Not Boasting Win Elections.

A great many up-state and down-state Democratic journals have been iterating and reiterating the fact that Governor Harmon is already elected; will receive the unanimous vote of his own party and as high as one-half of the Democratic votes cast.

These empty boastings have pained the editorial ear of the Plain Dealer of Cleveland—the most influential, and certainly the most ably conducted, Democratic paper in the state. It warns the "confident prophets":

"If the election were held at once, declared Champ Clark, the Democratic majority in the new house would be unwieldy.

"Everything, says W. J. Bryan, now indicates that the next president will be a Democrat.

"But the election is not to be held at once. And Bryan has seen a Democratic president in his mind's eye so constantly in the last fourteen years that his present forecast is considerably below par.

"As for the next house, conditions at the present moment look more promising than for years past. Republicans are split and Democrats fairly harmonious.

"Yet this fall's election is not to be won by boasting, nor by blindly conceived prophecies. Work is what the situation demands; not talk. The boaster is usually suspected of trying to keep his courage up."

FOR HIGH DUTIES

Democrats In Congress Voted For High Rates In the Tariff.

As pointed out by the Cincinnati Times Star:

"Perhaps the most ridiculous feature of the Ohio Democratic platform is its talk about a revision of the present 'unjust and oppressive tariff.' Any American with half a memory knows that one short year ago the present tariff law was in the making in Washington and that while the work was in progress Democratic congressmen and senators, not once, but fifty times, voted for the highest rates for their own districts or states. Of course, the Democrats will try to make capital out of any popular dissatisfaction with the Payne law. But if that law is indeed 'an instrument of extortion,' as the Democratic platform says it is, Democrats in congress did their full share in making it so.

"It is a common saying that the average platform promise is made to be broken. The remarkable thing about the platform adopted at Dayton is that a considerable number of its promises were broken by the national or state Democracy before they were made."

Hits Hard.

About the only time a pretty girl hits the object she aims at is when she throws her eyes.

Bad Air.

Bad, foul air causes headaches, colds and dangerous susceptibility to germ diseases.

The annual picnic of the Philo Grange will be held in the Burckholter grove one mile south of Philo on Saturday Aug. 13. The program for the occasion includes addresses to be delivered by Miss Lavina Barrot of Washington C. H., and T. M. Smith of Delaware, Ohio. Music will be furnished by the Cumberville band, and several short talks will be delivered by local speakers—Zanesville Courier.

Mr. Oliver H. Ross of Adamsville is recovering from injuries sustained while mowing hay on the farm of George W. Ross of Adams-tp., last Tuesday afternoon. The third and little fingers of Mr. Ross's right hand were badly lacerated and torn when caught on the pully of the rope to the hay fork. He was lifted eight feet off the ground before his cries for assistance were heard and he was lowered to the ground.

A 5,000.00 ESTATE

How many men leave a $5,000.00 estate?

Very few, yet it is possible for any man who is in good health NOW to do so. "Not only possible, but easy."

We will create immediately for any man who is in good health and willing to pay a low rate of interest on $5,000.00 during his life, an estate of that amount and secure it with NINETY-FOUR MILLIONS of gilt-edged securities. You will be surprised when you learn at what low rate of interest you can secure this proposition.

Let us explain it to you! It costs you nothing to ask questions.

GRAY HAIRS BANISHED

The old idea of using sage for darkening the hair is again coming in vogue. Our grandmothers used to have dark, glossy hair at the age of seventy-five, while our mothers have white hair before they are fifty. Our grandmothers used to make a "sage tea" and apply it to their hair. The tea made their hair soft and glossy and gradually restored the natural color. One objection to using such a preparation was the trouble of making it, especially as it had to be made every two or three days on account of it souring quickly. This objection has been overcome and by asking almost any first-class druggist for Wyeth's Sage and Sulphur the public can get a superior preparation of sage, with the admixture of sulphur, another valuable remedy for hair and scalp troubles. Daily use of this preparation will not only quickly restore the color of the hair but will also stop the hair from falling out and make it grow. It is sold by all druggists for 50c. and $1.00 a bottle, or is sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

For Sale and recommended by Siegrist & Williams.

HAL RUSSEL TO START NEXT WEEK AT LIMA

Hal Russell, the speedy stallion that made such a great impression two years ago, will be started next week in the races at Lima, one of the fastest meets in the middle west. Owner Foster says the animal is in prime condition and is showing splendid form. If he goes well, he will be kept busy on the track till late fall.

WIGGINS WILL PITCH SATURDAY

Wiggins will pitch in the game with Dresden to be played here Saturday at Riverside park. The Dresden bunch was whipped unmercifully last week by the Orioles but it is said that their team was weakened somewhat and that the team which will come here Saturday will have some stronger men. They guarantee a good hot battle and Larcomb's Regulars expect a good work out to continue with their winning streak.

MONTREAL AND QUEBEC

A veritable edition de luxe among railroad pamphlets has been issued by the Grand Trunk Railway System to proclaim amongst tourists the glories of the cities of Montreal and Quebec. The brochure is beautifully printed and generally arranged in the artistic style of earlier days, when the ornamentation of a volume was regarded as an important incident to its presentation of reading matter. It gives an interesting description of the two most interesting cities in Canada, with many illustrations from photographs. Sent free to any address. Apply to W. THIS IS CERTAIN

The Proof That Coshocton Readers Cannot Deny

What could furnish stronger evidence of the efficiency of any remedy than the test of time? Thousands of people testify that Doan's Kidney Pills cure permanently.

Home endoresement should prove undoubtedly the merit of this remedy. Years ago your friends and neighbors testified to the relief they had deriver from the use of Doan's Kidney Pills. They now confirm their testimonials. They say time has completed the test.

Mrs. John W. Scharer, 545 Cemetery st., Coshocton, Ohio, says: "I must say that no other remedy ever benefited me as greatly as Doan's Kidney Pills. For years my health was very poor as the result of kidney complaint and my back was weak. The kidney secretions were unnatural and this showed that my kidneys were out of order. Seeing Doan's Kidney Pills advertised, I procured a supply at Siegrist & Williams' drug store and by the time I had used three boxes, I was free from all my aches and pains. My health is now much better than before in a long time.

Mrs. Scharer gave the above testimonial in August 1906, and confirmed it in May, 1909, saying: "I think more highly of Doan's Kidney Pills now than I did three years ago. The cure they effected in my case has been permanent."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

BIG ROLL OF MONEY ARRIVES AT NEW PHILA

Last Wednesday's Tuscarawas Independent with a "scare head" made the statement that in the campaign of 1908, $400 had been received by the Hon. J. Edward Hurst, editor of the Democrat and Times and the Daily Times, who was chairman of the Tuscarawas county Democratic Executive committee that year. The Independent interviewed members of the committee that year and none of them seemed to know that $400 had been received. The Independent asked Senator Hurst for an explanation.

Senator Hurst in his paper on last Thursday made a reply to the Independent in which he said that he had received $400 from the Hon. Harvey Garber, who was chairman of the State Democratic committee that year and who is also the Democratic member from Ohio of the National Democratic Executive committee. Senator Hurst also stated that the money was received too late before the election to go through the executive committee. Besides, $300 of the amount was appropriated to meet a deficiency in the Central committee and the balance was used for campaign expenses.

The Democratic State committee two years ago had a big corruption fund and the $400 was the share sent to this county.

The truth of the matter is that the Democrats in this county are in a big political row. Senator Hurst has stated that he is going to publish all the facts concerning the $400 in question and intimates that when the truth is known the breach in the Democratic camp in this county will be wide and deep.

Since the reply of Senator Hurst the Independent has not manifested any further concern regarding the $400 in question. Perhaps the editor of the Independent was so shocked to learn that the Democrats had a corruption fund and spent it, he does not care to dig deeper into the matter.

The Hon. Harvey Garber was asked what he did with all the money he had in the campaign of 1908 and his public statement of where the money went brought to light that $400 of it landed in the hands of the Hon. J. Edward Hurst of New Philadelphia. Money expended in campaigns does not always go through the "regular channels." As J. W. Faulkner, the Columbus correspondent of the Cincinnati Enquirer says: "It is matter of addition, division and silence," but when Mr. Garber was pressed to the wall for an accounting he broke the silence and told who go the lucre in the division.—New Philadelphia Tribune.

COLUMBUS, O., July 21.—There are few days remaining for the delegates to the state convention to make up their minds as to whom they will support for the nomination for governor on the Republican ticket for the convention will be called to order next Tuesday afternoon and will continue until at least Wednesday evening and may be longer.

The indications are that it will be one of the greatest conventions ever held and that the attendance will be a record-breaker seems certain.

CEMENT SIDEWALKS BECOMING POPULAR

The laying of the new cement sidewalk in front of the Rue building to be occupied by the Light & Heating Co. marks the going of the last old brick sidewalk on Main-st. between Main and Fifth, except in front of thhe Rodgers, C. O. D., and Lorenz buildings. The only other brick walk on Main as far down as Third, s that in front of the Park hotel and Smith property. The Light company is laying conduits under the new walk to convey electric wires to the edge of the curb. They intend to have two standards at the edge of the walk, each surmounted by a cluster of brilliant lights. The whole front of the building will also be a mass of lights.

SPRINTERS TEAR OFF FAST HEATS ON FIFTEENTH ST.

Those Labor Day races are going to be red hot affairs, judging from the intense interest already being displayed. Up at the Pope-Gosser pottery Thursday morning, some of the boys fell to discussing the Labor day races while at their work, and interest became so intense that there were several challenges, that resulted in some speedy heats at noon on Fifteenth-st.

In a 100-yd. dash Ben Oder defeated Bert Steed, making the distance in 11 1-2 seconds.

In another 100-yard dash Harry Handel defeated John Berlean, in flat 12 seconds.

In a quarter-mile run, from the Glass house to Hay-ave., George Weaver defeated Pete Marshall. No official time was kept, but they were "going some."

The interest in the quarter-mile was so heated that some money changed hands on the result.

The race of races however is booked for this afternoon about 5 o'clock when George Weaver will run Ed Felumlee 100 yards for 2 a side. Considerable money is already up on the results. The boys on the hill are there with the goods when it comes to genuine sports.

Weaver and Ed Thornsley will race Friday for $25.

HUNTINGTON, IND., July 21—Plunging 20 feet through an open bridge to Rock creek in an automobile, Thomas Smathers, 28, of Warren, Ind., was instantly killed, and James Kaylor, salesman for the Harper Buggy Co. of Columbia City, Ind., was perhaps fatally injured early today.

How to Cure Eczema, Pimples, and Dandruff

We desire to say that when we took the agency for ZEMO, we were convinced that it was a valuable remedy for Eczema, pimples and dandruff Yet, we must frankly admit that Zemo has far exceeded our expectations as a treatment for skin diseases. We are pleased to state that we shall continue the agency as ZEMO has given splendid results wherever recommended. Our customers like ZEMO too, because it is a clean vegetable liquid for external use.

ZEMO effects its cures by drawing to the surface of the skin and destroying the germ life that causes the disease leaving the skin clear and healthy. It does not soil the clothing or linen and can be used freely on infants.

With every purchase, we give a booklet on skin diseases explaning in simple words how any person can be cured at home of any form of skin or scalp diseases by this clean, scientific remedy.

PROPOSES UNION OF PROGRESSIVES

Senator Cummins Backs Movement for New Party —Convention Call Issued

Des Moines, Ia., July 21.—It is the general belief here that Senator A. B. Cummins is behind the movement to form a new political party, which shall combine the progressive leaders and members of both Republican and Democratic parties, including Theodore Roosevelt, William J. Bryan, both Iowa senators, Cummins and Dolliver; LaFollette, Beveridge, Pinchot, Garfield and a large number of the men prominent in national politics, but who are decidedly out of touch with the Taft administration.

Rumors of several days past assumed tangible form when the Des Moines News, Senator Cummins' personal organ, contained a leading editorial proposing that a convention be held at Kansas City, Sept 1, to form a new party "based on the Rooseveltian principle of the square deal," and which the News declares is only another way of stating the Bryan principle of "equal rights for all and special privileges for none." The News pleads for a uniting of the Republicanism of Lincoln and the Democracy of Jefferson for the purpose of "carrying forward of the flag of progress to its last and most blessed position of industrial freedom for all men."

Editor W. G. Hale, who wrote the proposed call, was a charter member of the Des Moines Bryan club, but has been a local supporter of Senator Cummins' political ambitions.

TAFT EXPLAINS LETTER

Says He Gave Kinkade Introduction to Roosevelt.

Bar Harbor, Me., July 21.—Professor Henry C. Emery of Yale, chairman of the national tariff board, dropped in here today to tell President Taft about his recent trip to Europe. He explained the nature of his investigations abroad, which were mainly directed toward obtaining a basis for a comparison of cost of production at home and abroad. The interview took place on board the Mayflower, which is at anchor in the harbor.

The president told friends that the letter which Judge Reynold Kinkade of Toledo carried from Beverly to Oyster Bay was merely an introduction from him to Colonel Roosevelt. Judge Kinkade is a candidate for the gubernatorial nomination of the Republican party in Ohio and was said to desire the indorsement of the president and Colonel Roosevelt. The president told some friends that Judge Kinkade asked for an introductory letter and that was all he got.

IGNORES GARFIELD

Burton Has Good Word For All Other Candidates.

Cleveland, O., July 21.—Senator Theodore Burton gave out a statemen purporting to define his position relative to the Ohio insurgents led by James R. Garfield, but it left the politicians very much in the dark. He expressed satisfaction with the gubernatorial candidates, Secretary of State Thompson, Judge Brown and Former Lieutenant Governor Harding, but ignored Garfield's candidacy altogether. Regarding the state Republican convention platform he said some of Garfield's planks suited him, and wound up his statement with these words: "Even the president of the United States has not sought to dictate a single plank of the platform, although he is a resident of the state of Ohio."

Ellis Discusses Weather.

Columbus, O., July 21.—Wade H. Ellis returned from his eastern political trip and was enthusiastic over the weather, but positively refused to discuss the Ohio gubernatorial situation further than to state that President Taft does not intend to dictate either the nominee or the platform. He also imparted the information that he yearns to return to the practice of law and that under no circumstances will he again be a candidate for the executive chairmanship.

George Kuntz and family of Ft. Worth, Texas, are guests of his father Lewis Kuntz of Fourth-st.

BROOKS JOHNSON PLAYS ROLE OF WILL O' THE WISP

Has anybody here seen—not Kelly, but Johnson? They have

Constable Wiggins of West Lafayette who searched for him with a warrant sworn out by the Law and Order or Civic League for alleged selling of intoxicants contrary to the Rose law, has been unable to set eyes on him.

Some Roscoe people declare that Brooks Johnson has been at his new home in Roscoe all the time and that the constable was a little nervous at going in and looking for him. This is indignantly denied at West Lafayette however.

People who were at the Panhandle station Wednesday afternoon declare that a strange woman, heavily veiled and with a distinctly masculine walk boarded No. 6 for the east Busy guessers now have it that the woman was none other than Johnson and that in that disguise he has gone to Pennsylvania to remain till the clouds roll by.

Just to solve the mystery an Age reporter sallied forth Thursday morning, and found Johnson on lower Main-st., sitting in front of a fruit store eating an apple as complacently as though the sleuths of the law were not on his track The reporter found him single handed, without even the aid of a Want ad

FUNERAL OF SOLOMON MULLETT FRIDAY MORNING

The funeral of Solomon Mullett, who died at his home about half way between Bloomfield and Layland Wednesday afternoon, will be conducted Friday morning at 10 o'clock and interment will be made at the Salem church cemetery.

Mr. Mullett was 61 years of age. He had been suffering with h trouble about a year. He was a prominent farmer and stock raiser and was very highly respected. He is survived by a widow, two daughters and one son as follows: Mrs Condo Gilbert, of Bloomfield, Mrs. Elizabeth Patterson, of Wadsworth, and Frank Mullett, at home.

OPERATED UPON CHILD'S THROAT

Drs. Pomerene and Shaw performed an operation on little Miss Sarah Anderson, daughter of C. E Anderson, Thursday morning for throat trouble. The operation was not a serious one.

TURN OVER TIME.

Whne Nature Hints About the Food

When there's no relish to any food and all that one eats doesn't seem to do any good then is the time to make a turn over in the diet, for that's Nature's way of dropping a hint that the food isn't the kind required

"For a number of years I followed railroad work, much of it being office work of a trying nature Meal times were our busiest and eating too much and too quickly of food such as is commonly served in hotels and restaurants, these together with the sedentary habits were not long in giving me dyspepsia and stomach trouble which reduced my weight from 205 to 160 pounds.

"There was little relish in any food and none of it seemed to do me any good It seemed the more I ate the poorer I got and was always hungry before another meal no matter how much I had eaten

"Then I commenced a fair trial of Grape-Nuts food, and was surprised how a small saucer of it would carry me along, strong and with satisfied appetite until the next meal with no sensations of hunger, weakness or distress as before

"I had followed this diet now for several months and my improvement has been so great all the others in my family have taken up the use of Grape-Nuts with complete satisfaction and much improvement in health and brain power.

"American people undoubtedly eat hurriedly, have lots of worry, thus hindering digestion and therefore need a food that is predigested and concentrated in nourishment"

INDICT GOVERNOR ON LIBEL CHARGE

Gov. Carroll of Iowa Said Things About State Officials

[Associated Dailies Telegram]

Des Moines, Ia., July 21 Action o the grand jury in returning an indictment charging criminal libel against Governor B. F. Carroll has created a genuine sensation, and upon every hand can be heard animated discussion as to the probable effect which will be had upon the state ticket which is to be elected in November. John Cownie, former member of the state board of control, the prosecuting witness, published a signed statement in which he declared the indictment of the governor is a vindication of himself, although many regard Cownie's statement as premature and claim he should have waited until the governor had been tried on the indictment.

Governor Carroll declared that Cownie as a member of the board of control has sold diseased cattle belonging to a state institution in the markets at Omaha, that he had acted improperly toward girls in the state institution at Mitchelville, and that he had purchased goods for state institutions without first being requested by proper persons. It was the publication of these charges following Cownie's resignation on which the libel indictment is based

Attorney Mose H. Cohen entered a plea of not guilty for Governor Carroll.

Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a-million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases.

Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. Write without fear as without fee, to World's Dispensary Medical Association, Dr. R. V. Pierce, Prest., Buffalo, N. Y.
